SIR,

In continuation of my letter No. 1802-629 dated 23rd September 1903 submitting a Review on the working of the Treasuries during 1901-02, I have the honor to submit a similar Review for the year 1902-03, together with two statements. Statement A shows the working of the treasuries during the year 1902-03, and Statement B shows a comparison of the results between this period and that of the previous year.

The Cash accounts and the Lists of Payments were received earlier than in the previous year from the Kolar, Chitaldrug and the Shimoga Districts, but the other districts have shown great retrogression in this respect, especially the Mysore District.

I regret to notice again the delay in the return to this office of the Audit Objection statements with replies, the greater defaulter on this account being Bangalore.

Under the head omissions and other irregularities Kolar District showed slight improvement while in the other Districts notably the Shemoga, Chitaldrug, Mysore & Hassan the number of such omissions increased to a considerable extent over those of last year which could have been avoided by attention to Codal

Sir,

With reference to para 3. of
Government Order No^o F.L. $\frac{3128-36}{213-72-3}$ dated
15th May 1904 requesting explanation as
to what programme was settled during
the year 1902-03, why all the Taluk
Treasuries were not inspected in
detail twice and why Cash balances
were not verified often, I have
the honor to state that during the
year in question a programme
was drawn up in accordance with
Government Order No^o $\frac{8582-90}{224. 213-72}$ dated
1st

1st June 1900, by which the Treasury Assistant Commissioner was required to inspect all the Taluk Treasuries in the District in the months of September and October - the 2nd inspection to be done by the Jamabandi Officers during the Jamabandi of the Taluk entrusted to them.

2. The above arrangement was made to avoid the inconsistency of the Treasury Assistant Commissioner inspecting the Taluk Treasuries immediately after the inspection of the same by the Jamabandi Officers.

3. In compliance with the above programme the Treasury Assistant Commissioner Mr. ...

Mr H. Dasappa inspected all the Taluk Treasuries with the exception of Chikaballapur, Siddaghatta and Bagepalli Taluks - the inspection of which could not be done on account of his ill health as reported in his letter No 41 dated 14th July 1903. The 2nd inspection of all the Taluk Treasuries was made by the respective Jama-bandi Officers. It was for this reason that these three Taluk Treasuries were inspected only once during that year.

4. It has to be stated that in the Chikamannur and Bagepalli Treasuries, the cash balance was also

also examined by Mr. Barr on the
~~11th~~ and ~~15th~~ September 1902 respect-
-ively.

5. I have now impressed upon
the Assistant Commissioners the
necessity of verifying Cash balances
as often as convenient during their
tours of inspection.

SUBJECT

Statement B above shows that except Kolar, Chitaldroog and Shimoga, the other Districts have not shown any improvement in the transmission of lists of payments and cash accounts as compared with the previous year.

2. As regards the submission of schedules, instances of delay in the District Treasuries of Kolar, Tumkur, Kadur and Chitaldroog are more than in the previous year, as also in the transmission of Vouchers from the Kolar and the Mysore Districts and in the return of the audit objection statements and slips from the

3. Cases of bills paid without payees' signatures are more in the Chitaldroog dist. than in the previous year. Instances of payments without receipt & stamps in the Bangalore, Tumkur, Chitaldroog, Mysore and Hassan districts and of payments in excess of sanctioned scales and of delay of more than six months in the payment of claims in the Bangalore, Tumkur, Shimoga, Kolar and Hassan districts are also on the increase.

4. All the district Treasuries except Kolar have shown bad work as regards other omissions or mistakes.

Proceedings of the Government of His Highness the Maharaja of Mysore.

Read—

Letter No. 7503—1227, dated the 27th June 1904, from the Comptroller to the Government of His Highness the Maharaja of Mysore.

In continuation of my letter No. 1802—629, dated the 23rd September 1903, submitting a review on the working of the Treasuries during 1901-02, I have the honor to submit a similar review for the year 1902-03, together with two statements. Statement A shows the working of the Treasuries during the year 1902-03, and Statement B shows a comparison of the results between this period and that of the previous year.

The cash accounts and the lists of payments were received earlier than in the previous year from the Kolar, Chitaldrug and the Shimoga Districts, but the other districts have shown great retrogression in this respect, especially the Mysore District.

I regret to notice again the delay in the return to this office of the audit objection statements with replies, the greatest defaulter on this count being Bangalore.

Under the head omissions and other irregularities, Kolar District showed slight improvement while in the other districts notably the Shimoga, Chitaldrug, Mysore and Hassan, the number of such omissions increased to a considerable extent over those of last year which could have been avoided by attention to codal rules and care, in the preparation and writing up of accounts on the part of the Treasury officials.

Review on the working of the Treasuries in the Mysore Province for the year 1902-03.

1. The State Huzur Treasury :—

This Treasury has no Sub-Treasuries and continues to head the list of Treasuries as regards efficiency. The accounts and subsidiary statements are received in time and in complete order.

Officer in charge—

Mr. B. Gopaliengar.

2. Bangalore District Treasury :—

This Treasury which is responsible for the transactions of nine Sub-Treasuries, stands next to Mysore for heaviness in transactions. In the submission of cash accounts and lists of payments, there has not been much delay and stands second only to Chitaldrug. But delays in the submission of schedules, vouchers and objection statements have been very frequent and in this respect stands the last in the list. There has not been any improvement upon the previous year in the number of requisitions for corrections in the accounts after their despatch from the Treasury, inasmuch as it is the same as in the previous year.

Mr. Ahmed Ali.

„ K. Krishna Iyer.

3. Kolar District Treasury :—

This is responsible for the transactions of ten Sub-Treasuries. There has not been much delay in the submission of the lists of payments and the cash account, being 4 days on an average; last year's remarks with regard to the delay in the submission of vouchers has to be repeated this year also, though with regard to the submission of returns and audit objection statements, there has been considerable improvement. The number of requisitions for corrections proposed by this Treasury average 4 a month.

Mr. H. Dasappa.

„ B. Guru Rao.

4. Tumkur District Treasury :—

This has 8 Sub-Treasuries under it. The average delay in the submission of the 1st and 2nd lists of payments has been 7 or 8 days respectively, being worse than that of the previous year. In all other respects too, it is very backward. The average number of requisitions for corrections from this Treasury is 3, showing an improvement upon last year in this respect.

Mr. C. Seshadriengar.

„ T. Paramasiva Iyer.

„ S. Seshagiri Rao.

5. Shimoga District Treasury :—

This also has 8 Sub-Treasuries like the Tumkur District Treasury, but its transactions are comparatively heavy. There has been a marked improvement in the working of this Treasury in all respects. The number of requisitions for correction averages three.

Mr. T. Chokkanna.

„ A. Ananda Rao.

„ S. Balasundram Iyer.

„ C. Narayana Rao.

6. Kadur District Treasury :—

This has 5 Sub-Treasuries attached to it. Except the increased delay in the submission of the 1st list of payments which is 6 days this year, it has maintained its standard of efficiency in all other respect. The requisitions for corrections proposed average only one.

Mr. Ananda Rao Sirsi.

„ P. G. D'Souza.

„ N. Subba Rao.

7. Chitaldrug District Treasury :—

This is responsible for the transactions of 8 Sub-Treasuries. Except in the return to this office of the credit objection statement, 52 of which have been delayed beyond the prescribed date, there has been an improvement. The number of requisitions for correction is the same as that of the previous year, being 2 on an average.

Mr. Chengiah Chetty.

„ Srikantesa Gowda.

„ Basavaradhya.

„ A. Subramanya Iyer.

„ B. Venkoba Rao.

8. Mysore District Treasury :—

This is the heaviest in the Province and has 13 Sub-Treasuries under it.

There has not been any improvement in the working of this Treasury, rather the reverse in all respects. The average number of requisitions for corrections is 7, being 3 more than that of the previous year.

Mr. S. G. Padmanabha Iyengar.
C. Krishna Rao.

Mr. K. Chandy.
" B. Ramaswamiah.

This is responsible for the transactions of seven Sub-Treasuries. There has been a slight improvement in the working of this Treasury under all heads, except in the submission of the 1st list of payments which is delayed by 10 days, being 3 days more than that of the previous year. The number of requisitions for correction averages 2.

Proceedings of the Government of His Highness the Maharaja of Mysore.

No. FL. 1730-8—GL. FIN. 213-92, DATED BANGALORE, 21ST SEPTEMBER 1904.

ORDER THEREON.—Statement B above shows that except Kolar, Chitaldrug and Shimoga, the other districts have not shown any improvement in the transmission of lists of payments and cash accounts as compared with the previous year.

2. As regards the submission of schedules, instances of delay in the District Treasuries of Kolar, Tumkur, Kadur and Chitaldrug are more than in the previous year, as also in the transmission of vouchers from the Kolar and the Mysore Districts and in the return of the audit objection statements and slips from the Bangalore, Tumkur and Chitaldrug Districts.

3. Cases of bills paid without payees' signatures are more in the Chitaldrug District than in the previous year. Instances of payment without receipt stamps in the Bangalore, Tumkur, Chitaldrug, Mysore and Hassan Districts and of payments in excess of sanctioned scales and of delay of more than six months in the payment of claims in the Bangalore, Tumkur, Shimoga, Kadur and Hassan Districts are also on the increase.

4. All the District Treasuries except Kolar have shown bad work as regards other omissions or mistakes.

5. The review does not reflect credit on the working of the Treasuries, and the Treasury Officers are apparently not quite alive to the importance of punctuality, correctness and completeness in the submission of accounts, vouchers, etc., to the Comptroller. The Deputy Commissioners are requested to see that better attention is paid to the working of the Treasuries in future.

6. The Officers in charge of the several Treasuries during the year, are shown in the following statement:—

Name of Treasury.	Officer in charge of the Treasury.
State Huzur Treasury	Mr. B. Gopaliengar.
Bangalore	Messrs. Ahmed Ali and K. Krishna Iyer.
